

Due to an administrative oversight which only became apparent this morning, the notice of the annual general meeting was two days short of the required 20 working days under the company's articles of association. As such I am advised that the business of the meeting cannot be validly conducted. A new notice of annual general meeting will be dispatched to shareholders next week. The reconvened annual general meeting will now be scheduled for 11 December 2009 at 12.00pm.
